General feedback (5 points):

Great inclusion of the effects on the examined spiders - that little personal touch goes a long way! I would like to see a smoother flow to the paper, tailoring explanations to an audience that might not necessarily know anything about spider silk or what this study means. Also, the second paragraph, or parts of it, serves as a great introduction to spider silk and what the article is proposing – maybe consider incorporating some of the aspects of this paragraph into an introduction at the beginning. Overall, great job! Had a great time learning about spider silk 😊

Overall assessment (excellent, good, needs improvement):

Good!
