General feedback (5 points):

I can appreciate that the student who wrote this is clearly passionate and informed about the topic. However, the article is missing any in-text citations. The introduction paragraph is a bit too broad, and the overall flow of the essay could be improved. I think the student did overall a very good job avoiding the use of jargon, but there are still a few words that could be defined to make the article more approachable to a wider audience. I think this is a good start!

Overall assessment (excellent, good, needs improvement): Between good/needs improvement.
