

EXTENDED LICENSE FOR GREEKKEYS 2015 FOR DEPARTMENTAL STUDENTS

To facilitate electronic communication between faculty and students, the SCS grants to all holders of departmental licenses a license extension that allows unlimited provision of the software package to current Greek students of the department (both undergraduates, whether departmental majors or not, and graduate students) to use on their personal computers for the duration of their association with the department or its Greek courses.

Who is eligible?

This applies to any department that has a license to GreekKeys 2015, whether through purchase or as a benefit of a certain level of departmental membership in the SCS. There is no additional fee for the extension for those who are eligible.

How do students obtain the software?

Departmental license holders should make a copy of the GreekKeys 2015 package (as downloaded and then expanded from its ZIP archive format) on portable media, such as a USB flash drive (in Windows Fat32 format, to ensure compatibility with both Macs and PCs). Allow students to copy the package from the flash drive either in class or in the department office, or by borrowing the media overnight, whichever method you find most convenient. Whichever method you use, you are expected to provide each student with a copy of the NOTICE TO STUDENT RECIPIENT OF GREEKKEYS 2015 THROUGH INSTRUCTIONAL EXTENSION TO DEPARTMENTAL LICENSE. This document is available as a separate PDF in the download packaged, and its content is also presented below. Please emphasize to students that this software is provided to them on the honors system and that they are expected either to discontinue use of it or to purchase an individual license when they separate from your Greek program.

NOTICE TO STUDENT RECIPIENT OF GREEKKEYS 2015 THROUGH INSTRUCTIONAL SUPPLEMENT TO DEPARTMENTAL LICENSE

You are being provided with the GreekKeys 2015 keyboard and fonts package as a student of ancient Greek in a college or university program that holds a departmental license for this software package. Please note the conditions under which you are granted use of this package. If you are unwilling to abide by these conditions, do not install this software on your computer.

1. You are granted permission to use this software during the course of your degree studies. Upon completion of your degree or upon other final separation from the program that provided you with this software, you are expected to remove this software from your computer, or to obtain your own licensed individual copy if you wish to continue to use GreekKeys 2015 keyboards and fonts.
2. You may share this software with other students enrolled in ancient Greek courses at the same institution, but not with anyone else, and you should provide others with the entire package, unaltered, and with a copy of this sheet.
3. You may not post this software package or parts of it to any public web site or file-sharing service.

TO USE THIS SOFTWARE

1. Your department or instructor will lend you a USB flash drive or other portable media from which you should copy the folder "GreekKeys2015" to your own computer before returning the source media to your department or instructor.
2. First read the document **QuickStartMac.pdf** or **QuickStartWindows.pdf** for the essentials about installing and using the software.
3. For further information, read **GK2015userguide.pdf**.
4. Additional information and troubleshooting advice are available online.
